

SUPERIOR SINGING METHOD

I, _____, (full name) commit to going through the Superior Singing Method 8-week course with the help of my new singing coach, Aaron Anastasi.

I am making a declaration to myself and to Aaron to give it my all effort so that I can begin to reach my singing potential and start achieving my vocal goals today.

I am going to start this program, _____ (dd/mm/year) and plan to do each of the exercises for that day and continue until I have completed the course.

I am excited and more than capable of accomplishing this and I want to be in that small percentage that finishes what they set out to start!

Two things I am going to constantly remember:

1. Small steps lead to big changes!
2. Don't stop singing! It is a gift to the world. :)
